

UD Series Drawers

Drawer contents will always remain inside with the fully enclosed design of our UD series rackmountable utility drawers. Full extension ball bearing slides smoothly extend a full 14" to reveal inside dimensions measuring 15 7/8" wide by 14 1/2" deep. Storage height is only 1/2" less than the actual racking height. Each model comes with a face mounted drawer pull. A user-installed latch and keylock are optionally available. Black powder coat finish.
