

FURMAN
PlugLock-PFP Locking Strip

The PlugLock-PFP circuit-breaker-protected locking outlet strip provides enough wall wart spacing for five bulky transformers. Secure clamping design “locks” transformers and conventional plugs in place. The sturdy, all steel construction and heavy-duty 5 foot (14 AWG) three conductor cord provide ultimate durability and longevity.

Inv#	Model#	List	M.A.P.
80443	PLUGLOCK-PFP	5 outlet/15A/120VAC	.49.00 44.95

FURMAN
D10-PFP Power Distributor

The D10-PFP is a sturdy, rack-mountable power distributor. The sturdy, all steel construction and heavy-duty 6 foot (14 AWG) three conductor cord provide ultimate durability and longevity. Circuit breaker protected.

Inv#	Model#	List	M.A.P.
52835	D10-PFP	10 outlet/15A/120V/Circuit Breaker	.49.00 49.00

FURMAN
Merit Series Power Conditioners

A perfect low cost AC power solution. Each model provides spike and surge protection, as well as RFI/EMI noise filtration. Three of the eight rear mounted outlets are spaced to fit wall warts. Available with dimmable pull-out lights and Voltmeter.

Inv#	Model#	List	M.A.P.
51309	M-8x2	9 outlet/15A/120VAC	.70.00 59.95
23004	M-8Lx	9 outlet/15A/120VAC/Lights	.110.00 89.95
51849	M-8Dx	9 outlet/15A/120VAC/Lights/Voltage Meter	.150.00 124.95

FURMAN
P & PL Series Power Conditioners

Furman’s P and PL series power conditioners feature surge protection, LiFT noise filtration, and EVS voltage protection. PL models include two front pull-out lights plus a rear-mounted BNC connector for use of an additional lamp.

Inv#	Model#	List	M.A.P.
39803	P-8 PRO II	9 outlet/20A/120VAC	.310.00 259.95
53423	PL-8C	9 outlet/15A/120VAC/Lights	.209.00 179.95
53425	PL-PLUS C	9 outlet/15A/120VAC/Lights/Voltmeter	.269.00 229.95
53426	PL-PLUS DMC	9 outlet/15A/120VAC/Lights/Voltmeter/Ammeter	.369.00 309.95
53427	PL-PRO C	9 outlet/20A/120VAC/Voltmeter	.429.00 359.95
53428	PL-PRO DMC	9 outlet/20A/120VAC/Voltmeter/Ammeter	.499.00 419.95

FURMAN
PS Series Conditioners/Sequencers

PS series outlets power up in three groups. Both models feature a rear mounted terminal block, allowing remote initiation via a momentary or maintained switch. The PS-PRO II adds adjustable delay time selectable via a front panel switch.

Inv#	Model#	List	M.A.P.
35521	PS-8R II	9 outlet/15A/120VAC/Remote Initiation	.349.00 299.95
35028	PS-PRO II	9 outlet/20A/120VAC/Remote/Delay Select/Locking Switch	.499.00 429.95

FURMAN
AR-1215 Line Voltage Regulator

The AR-1215 delivers a stable stream of AC power to protect equipment from problems caused by AC line voltage irregularities such as sags, brownouts, or over-voltages - all of which can cause sensitive electronic equipment to malfunction or sustain damage. The AR-1215 accepts any input voltage from 97V to 141V and transforms it to a constant 120V.

Inv#	Model#	List	M.A.P.
23002	AR-1215	9 outlet/15A/120VAC/Voltmeter	.629.00 549.95

FURMAN
P-2400 AR Voltage Regulator/Power Conditioner

The P-2400 AR accepts any input voltage between 97V-137V and transforms it to a constant output of 120V, +/-5V. With it’s robust 20A capacity, the P-2400 AR is ideal for high-current equipment such as power amplifiers or for powering A/V racks in large installations.

Inv#	Model#	List	M.A.P.
61999	P-2400 AR	14 outlet/20A/120VAC/Voltmeter/Ammeter/USB Charger	.1999.00 1699.95

FURMAN
P-1800 PF Surge Suppressor

A stable, protected and filtered low impedance power supply. Provides a 45A peak current reservoir to minimize the effects of line impedance on amplifiers and powered monitors. Features line noise filtration tuned for instrument amplifiers for clean and consistent tone.

Inv#	Model#	List	M.A.P.
58476	P-1800 PF R	9 outlet/15A/120VAC/Voltmeter	.699.00 579.00

FURMAN
Furman Uninterruptable Power Supplies

Unparalleled battery back-up designed specifically for audio, video and control systems. Features include SMP non-sacrificial surge suppression, Extreme Voltage Shutdown, power conditioning, IR control, custom programming, and more.

Inv#	Model#	List	M.A.P.
58474	F1000-UPS	8 outlet/12A/3 minute backup at full load	.749.95 749.95
58475	F1500-UPS	8 outlet/12A/12 minute backup at full load	.1299.95 1299.95

FURMAN
MINIPOINT Series Power Relays

MINIPOINTS are NRTL-C TUV listed, relay-switched 120 VAC outlets, with terminal strips that allow remote control via safe, inexpensive, low voltage Class 2 wiring. Both models include an internal 12 VDC supply, and can be controlled from a remote location with maintained or momentary contact switches and allow for delayed turn-on.

Inv#	Model#	List	M.A.P.
23041	MP-15	2 outlet/15A/120VAC/3-second Delay	.129.00 119.95
34614	MP-20	2 outlet/20A/120VAC/3-second Delay	.179.00 149.95

MONSTER
PRO AVS 2000 Automatic Voltage Stabilizer

The PRO AVS 2000 stabilizes power line fluctuations to maintain a constant 120 volts. Features a wide 80-140V correction range, Monster XLR® light with dimmer, programmable outlet delay, DC remote control inputs/outputs, 4 switched outlets, 2 unswitched outlets, input/output voltage meter, and ammeter.

Inv#	Model#	List	M.A.P.
29446	AVS 2000	6 outlet/15A/Voltmeter/Ammeter/Power Sequencer	.1699.95 1699.95

MONSTER
PRO 3500 Professional Reference PowerCenter

The PRO 3500 provides better sound and complete protection against electrical surges and spikes. 3-Stage sequential power-up activates digital outlets first, followed by 2 groups of analog outlets. Features include 12V XLR lamp with dimmer, 2 “always on” front convenience outlets, input/output voltmeter, and more.

Inv#	Model#	List	M.A.P.
35478	PRO 3500	14 outlet/Voltmeter/Power Sequencer	.299.95 299.95

PRO Series PowerCenters

Monster PowerCenters utilize Monster Clean Power filtering and surge protection for high quality sound and performance. The PRO 200 is a portable 2-outlet single-gang unit while all others are single space rackmount units.

Inv#	Model#		List	M.A.P.
57126	PRO 200	2 outlet/Noise Filter/Surge Protection	39.95	39.95
80606	PRO 600	9 outlet/15A/120VAC	69.95	69.95
56738	PRO 900	10 outlet/15A/XLR lamp connector with dimmer/Status LED's	99.95	99.95
56737	PRO 2500	10 outlet/15A/Voltmeter/XLR lamp connector with dimmer	199.95	199.95

PD Series Power Distribution

PD series rackmount units provide surge/spike protection and EMI filtering. Eight outlets are mounted on the rear panel, with the PD-915R providing an additional outlet on the front panel. The PD-815R-PL is available in three finishes. All models include a 9' power cord.

Inv#	Model#		List	M.A.P.
37880	PD-815R-PL	8 outlet/15A/120VAC/Black Powdercoat	122.36	N/A
49380	PD-815RA-PL	8 outlet/15A/120VAC/Black Anodized	257.58	N/A
53199	PD-815RC-PL	8 outlet/15A/120VAC/Silver Anodized	257.58	N/A
38636	PD-915R	9 outlets/15A/120VAC	131.00	N/A

PDS-615R Rackmount Power Sequencer

The PDS-615R power sequencing distribution unit provide 6-step sequencing to 6 rear outlets. Adjustable start time delay allows daisy-chaining of up to 3 sequencers to act as a single unit. Sequencing activity is monitored through a series of LED indicators.

Inv#	Model#		List	M.A.P.
35868	PDS-615R	6 outlets/15A/120VAC/6-step Sequencing	504.14	N/A

USC-6R Universal Sequencing Controller

The USC-6R Universal Sequencing Controller provides 6-step sequencing control to any AC power distribution system that can be controlled via contact closure. It features selectable delay intervals of 1, 3, or 6 seconds. Three units can be interconnected to operate as a single 18 step unit.

Inv#	Model#		List	M.A.P.
37351	USC-6R	6-step Sequencer/Remote Operation	718.66	N/A

SA Series Protection and Filtering

The SA15 and SA20 provide premium protection and conditioning for Stand Alone Pro AV and computer equipment. Both models feature Advanced Series Mode® protection that eliminates surges up to 6000Volts. Also includes EMI/RFI filtering and a 10 year warranty.

Inv#	Model#		List	M.A.P.
49130	SA15	2 outlets/15A/120VAC	329.00	329.00
50695	SA20	2 outlets/20A/120VAC	369.00	369.00

SX1120 Network Controlled Power Distribution

The SX1120 RT provides surge elimination and power conditioning for AV Rackmount equipment. Its switched receptacles can be controlled remotely via contact closure or applied voltage (5-30 VDC). The SX1120iP is a programmable unit that can be configured and controlled by iControl™ interface software via Ethernet or RS232. Each of its 8 rear outlets can be controlled individually.

Inv#	Model#		List	M.A.P.
48471	SX1120 RT	9 outlet/20A/120VAC/Remote Switching	659.00	659.00
80514	SX1120iP	9 outlet/20A/Network Control/iControl Web Enabled Interface	1499.00	1499.00

SU1000Li Surge Eliminator/Power Conditioner

The SU-1000Li 1000 VA Line Interactive UPS provides fast response, automatic voltage regulation, and battery backup during a brownout, blackout, surge, or power failure. It features a sophisticated web browser-based interface to manage power settings, customize diagnostics, monitor multiple attached computers, and schedule shutdowns and restarts.

Inv#	Model#		List	M.A.P.
60483	SU1000Li	6 outlet/15A/4 minute run at 600W/USB/SentryPlus Software	1189.00	1189.00

ECS Conditioning and Sequencing Controllers

The ECS-6RM conditioner/sequencer controller features six timing sections and remote monitoring, and is compatible with Atlas ECM Series modules and raceways. The ECS-3 sequenced power conditioner provides three timing sections, various conditioning and filtering modes, as well as monitoring.

Inv#	Model#		List	M.A.P.
58772	ECS-3	Nine Outlet Conditioner and Sequencer	489.95	392.50
58771	ECS-6RM	Conditioning and Sequencing Control	546.95	438.50
68475	ECS-KSW6	Keyed Remote Control Panel for ECS-6RM	93.95	76.50

ECM Series Vertical Power Distribution

ECM series Power Conditioners/AC Spike Suppressors can be used as a standalone units or in conjunction with an ECS unit up to 1000ft away. All models feature AC Mains Voltage monitoring, EVS circuitry, and Remote Activation.

Inv#	Model#		List	M.A.P.
70254	ECM-15SH	2 outlet/15A/Conditioner/Suppressor/EMI-RFI Filter/Stand Alone	187.95	151.50
60557	ECM-20SH	2 outlet/20A/Conditioner/Suppressor/EMI-RFI Filter/Stand Alone	245.95	197.50
70259	ECM-20	2 outlet/20A/Power Conditioner/Spike Suppressor/Module	113.95	92.50
70258	ECM-20M	2 outlet/20A/Conditioner/Suppressor/EMI-RFI Filter/Module	150.95	121.50
70257	ECM-RACEWY6	56.5"/6 Module Slots/Fits 60" racks and larger	139.95	107.50

AP Series Power Conditioners and Distribution

AP series conditioners provide noise filtering for unwanted RFI that is commonly introduced into AC lines by radio transmitters or wireless products. EMI filters reduce noise generated by items such as electric motors and switching power supplies.

Inv#	Model#		List	M.A.P.
70047	AP-S15	9 outlet/15A/Noise Filters/Surge Suppression	93.95	76.50
70046	AP-S15L	9 outlet/15A/Noise Filters/Suppression/LED Light/XLR lamp connector	169.95	136.50
70321	AP-C15D	10 outlet/15A/Noise Filters/Surge Suppression/Light/Voltmeter	358.95	288.50
70135	AP-GN118	16" LED gooseneck lamp, XLR, for AP-S15L and AP-C15D	37.95	31.50

PB15PRO Power Distribution and Filtering

The PowerBrite PB15PRO provides multiple outlets for reliable power distribution with 3-point surge and spike protection, plus RF filtering. It also features retractable front-panel LED lamps with dimmer controls and a rear-panel USB socket for use with an LED gooseneck lamp (included). A front-panel voltmeter and ammeter allow for visual voltage and current monitoring.

Inv#	Model#		List	M.A.P.
58478	PB15PRO	9 outlet/15A/120VAC/Voltmeter/Ammeter	219.99	149.00
