

# Condenser Shock Mount Mic Clip

MY320 / 11278

## Features and Benefits

When you're on stage, the last thing that you want to shake, rattle and roll is your mic. Designed to reduce the effects of low-end rumble and floor vibrations, the MY320 features a .625"-27 female threaded insert in a heavy-duty plastic base. The 20mm opening holds most small-diaphragm condenser microphones.

## Specifications

**Application:** Shock absorbant mic clip for condenser microphones

**Vertical Height:** 20 mm

**Color:** Black
