

Violin Hanger for Music Stands

VS7200 / 12095

Features and Benefits

Stop leaving your violin on your chair or leaning against a wall. The VS7200 is a padded yoke sized specifically for violins. It utilizes our exclusive u-mount® clamp design that allows it to mount onto any tubing up to 3 / 4" in diameter, perfect for all popular music and mic stands. There is even a bow hanger built right into the yoke. An EVA bumper is included to provide a soft contact point for the rear of your violin.
