ON-STAGE ORIGINAL AWARD-WINNER

Features and Benefits

Our Compact Pedal Board offers musicians a highly portable solution for organizing up to 5 standard-size effect pedals on a single unit with a small footprint. This light-weight yet sturdy pedal board conveniently angles toward the user and features cutouts in the surface for easy cable management. It includes adhesive velcro to cover the surface as well as your pedals for mounting purposes. It even comes with a heavy-duty padded gig bag that protects your pedals and features a removable shoulder strap for convenient transportation.
