### ProX T-10MRSS 10U Rack x 10U Top Mixer DJ Combo Flight Case

**Description**

This 10U vertical rack, 10U slant mixer rack system has all the best features you're looking for in a world-class flight case: strength, durability and reliability with flexible options and sizing for different applications.

This heavy-duty professional combo rack is 20" deep and features 10U front loading and 10U top loading rails for a wide variety of pro DJ mixers, amplifiers, effects and any other standard 19" pro audio/DJ gear. Other design highlights include a large swinging rear door (for easy wiring) with a beveled cable hole for permanent or semi-permanent installation. It also includes two Recessed handles on either side of the case and 4" locking casters for convenient transportation and mobility.

This item is also designed to function with the T-LPSMR sliding laptop shelf (sold separately)

- PROFESSIONAL COMBO RACK 20" DEEP
