

LW10-3PT-KIT

Lyra 1 x 1 Daylight 3-Point Soft Panel LED Light Kit

ONE SHEET

Overview

Meticulously designed for the professional shooter (in mind), the LYRA 3-point Daylight 1 x 1 Soft Light Kit successfully combines quality and affordability together. What you get with this incredible kit are high CRI LED chips paired with a soft diffusion panel. It features a consistently bright 5600K color temperature with a wide, 110-degree beam angle. This provides the extra advantage of a nice, clean single shadow for subject lighting!

Adjusting color brightness is simple with the large, single yellow knob (on the back.) Add to that the strong steel tension knobs and 30-degree yoke allow you to use the light in any production environment! The large digital LED readout also makes it easy to quickly reference the light output with clear accuracy. This versatile light kit comes with Gold and V-Mount battery plates as well as intensifiers.

The LYRA 2-point light kit is ideally used for Documentary and ENG/EFP purposes. It includes three LYRA Half x 1 Daylight lights, three heavy-duty stands, one light bag and one stand bag. With an equivalent wattage of a 850-watt (incandescent) soft light and a power draw of 150-watts, the LYRA 3-point light kit has it all!

LW10-3PT-KIT | Lyra 1 x 1 Daylight 3-Point Soft Panel LED Light Kit | UPC Code: 847983017546

Special Features

- High CRI Chip LEDs paired with 1/2 stop soft diffusion panel

LW10-3PT-KIT

Features you need, Prices you want.

Strong Bright Light

The high CRI LED chips and ½-Stop soft diffusion panel can output a strong, bright diffused light.

5600K Color Temperature

With a 5600K color temperature, the Lyra soft lights deliver a consistently bright light at all times!

Wide Beam Angle

Each Lyra soft light features a 110° beam angle that provides a large amount of soft light all on its own.

Clean Single Shadow

Lyra's Soft Lights create single shadows that produce more of a natural, clean shot.

Versatile Combo Pin

The Baby 5/8" and Junior 1-1/8" combo pin adapter makes it easy to attach to any grip stand.

Unobstructed Movement

The 30° yoke provides unobstructed movement of the light.

Steel Tension Knobs

The new steel tension knobs are built to be stronger and more secure. This allows you to lock the light in at any angle.

Single Knob Control

A single control knob makes it easy to adjust brightness at any time.

LED Readout

The new, brighter LED readout provides precise adjustments of light output.

AB & V-Mount

Battery flexibility is key when you're on-the-go.

Barndoors Included

Ikan's reliable barndoors with intensifiers make it much easier to shape the light as needed.

Maximum Power Draw

The Lyra soft light has a maximum power draw of 40-Watts, which allows you to plug into any AC Power.

350-Watt Equivalent

By comparison, the Lyra Daylight Soft Panel Half x 1 LED Light is equivalent to a 350-Watt incandescent soft light.

RF Remote Control

Controlling multiple lights at a distance is possible with the RF remote control.
