Wall-Mounted Electronic Equipment Shelves AS15x10, AS18x14, AS18x16

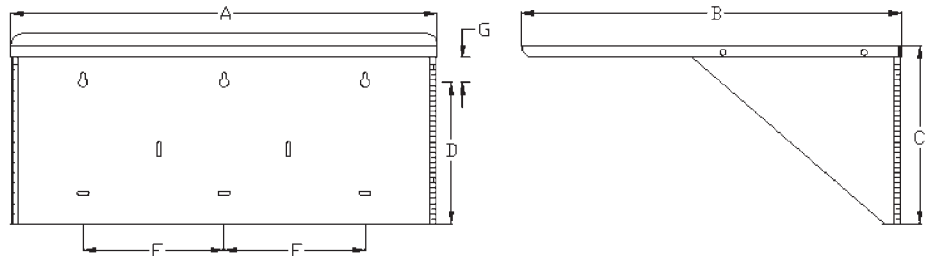

AS18x16 Shelf

The Quam AS series wall shelves are designed specifically for commercial sound installations; and facilitate mounting of amplifiers, tuners and other electronic equipment. They are available in three sizes to accommodate most audio components. The sturdy shelves are built of 18 gauge steel

with a 1/2 inch front lip and a continuous wiring slot making installation and equipment access convenient. The shelves are a two-piece construction with a hinged support. All three shelves ship individually in a one-inch flat package for ease of storage and transport.

Features

- Three different sizes offered for application flexibility
- All are two-piece hinged design packed in a flat carton saving storage space
- Finished in durable white baked powdered epoxy
- Long slot in rear of shelves provides easy and convenient method for routing wiring
- Quick assembly with four screws
- In stock for immediate shipment

Model	A	B	C	D	E	F	G	Shipping Weight
AS15x10	15"	10-1/2"	7-1/2"	5"	6"	6"	1-1/4"	5-1/2 LBS
AS18x14	18"	14"	7-1/2"	5"	8"	8"	1-1/4"	7-1/2 LBS
AS18x16	18"	16"	7-1/2"	5"	8"	8"	1-1/4"	8 LBS
