

# **SBX Series Wall Mount Enclosure**

(EIA) Compliant

middleatlantic.com

## Economical wall mount rack for small systems

### **Features**

- 7 space (12-1/4") and 10 space (17-1/2") racking height
- Removable backpan
- Standard locking front door swings 180 degrees
- Deep rail-to-door clearance provides flexibility unlike flush door designs
- Most rugged door hinge in the industry
- 11-gauge threaded rack rails
- Aesthetic perforations provide superior ventilation over louvered designs
- Large pull-box sized laser KO in backpan
- 1/2" and 3/4" electrical knockouts on top and bottom
- 1/2", 3/4", 1", and 1-1/2" electrical knockouts on rear
- 16 and 18-gauge fully welded construction
- 14-3/4" cabinet depth, 1-1/2" door depth
- Attractive and durable black textured powder coat finish

# **Architects' and Engineers' Specifications**

EIA compliant 19" wall mount equipment rack shall be Middle Atlantic Products model # SBX- (7,10). Overall dimensions of rack shall be 22.3" W x 17" D x (15.5", 20.5"), H with (7,10) rackspaces of useable height and 14.75" useable depth. Weight capacity of SBX-\_\_ (7,10) shall be \_\_ (75, 100) lbs. Rack shall be constructed of the following materials: top and bottom shall be 16-gauge steel, sides and door shall be 18-gauge steel, all rack elements shall be phosphate pre-treated and have a black powder coat finish. Rack shall come equipped with one pair of 11-gauge steel rackrail with tapped 10-32 mounting holes in universal EIA spacing with black e-coat finish and marked rackspaces.
