

# Top Options

All MW series tops include a removable, aluminum, 2 rackspace service plate, which allows for easy drilling for cable bundle entry or use of rack panels (shown removed for clarity). The MW-4FT and ERK-4FT feature laser knockouts for up to 4 or 3 fans respectively. The **NEW** MW-LA allows 6" & 12" wide cable ladders to be installed from any direction using provided J-Bolts.

Also, see our [Integrated Fan Tops](#)

Fits WRK, MRK, VRK, DRK Part #	Fits ERK Part #	Style
