

T Series Tails

T series tails connect incoming power to a single circuit within a raceway. One tail required per circuit. Each tail features a pre-terminated 30 Amp connector that plugs in to a module at one end, and wire tails for J-box connection on the other. Sold in packs of six.

Part #	Jumper Length	Termination	Qty
T-24X6	24"	connector on one end, tails on the other	<i>sold in packs of 6</i>
