

EB-1 Extension Bracket

The EB-1 allows the MT-1 Mic Stand Mount to be attached to the shaft of a mic stand.

The EB-1 Extension Bracket allows an A-16II or A-16CS to be mounted on the shaft of a standard mic or music stand. The right-angle bracket requires the MT-1 Mic Mount.

The photo on the right shows a Personal Mixer mounted to a mic stand using the MT-1 and EB-1 brackets.
