

VCM™ INVERTED HEAVY-DUTY PROJECTOR MOUNT

Provides strong support for mounting heavy projectors in schools and auditoriums.

Built-In Lateral Shift
1-1/2" (38 mm) forward/back and side/side.

Quick Projector Connect/Disconnect
With convenient lamp and filter access.
– Always maintains registration
– Disconnecting doesn't affect pre-set adjustments

3 Mounting Options:

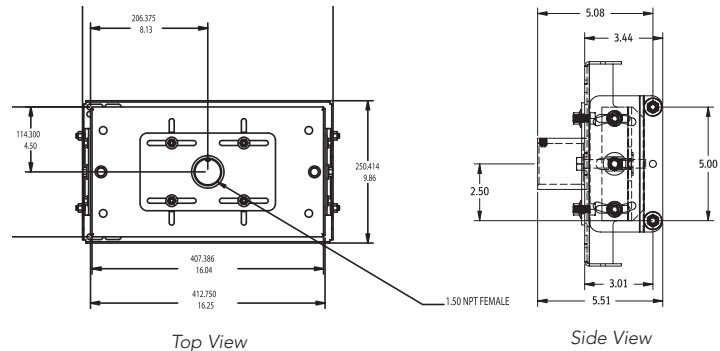

1. Flush mount to suitable ceilings – LPK-1 Low-Profile Mounting Kit required.
2. 1/2" (13 mm) Threaded Rod using the four corner slots in the top of the mount.
3. 1-1/2" NPT Threaded Extension Column using the threaded opening at the top of the mount.

Note: LPK-1, Threaded Rod and Extension Column not included.

Integrated Cable Management

Independent Adjustments
Exclusive micrometer roll and pitch adjustments are made with the alignment features of the body, enabling you to remove the projector without disturbing alignment.

Steel-into-Steel Construction
Heavy-duty design securely mounts large, heavy projectors.
