

Adjustable Telescoping Rackshelf

Unlike standard adjustable shelves, the entire VSA shelf telescopes to reach rear rail, providing a range of useable depths from 16" to 44". Providing the greatest useable depth in its class, the heavy-duty VSA is ideal for even the deepest components. Constructed of hemmed 16-gauge steel and finished in a durable black powder coat, the VSA is fully vented for superior cooling and features many tie points for enhanced cable management.

Part #	Racking Height	Depth	Weight Capacity
VSA-1626	1-1/2" (<1 space)	16" – 26"	500 lbs.
VSA-2744	1-1/2" (<1 space)	27" – 44 "	500 lbs.

Unique Feature

Flip the VSA shelf to increase the useable width from 17-3/16" to the full useable width of the host enclosure.

VSA-1626, adjustable 16" to 26" depth
