

# Access Panels

Available in 2, 4, and 6 space models, these access panels provide quick passage to rack interiors. Fabricated from easily machinable .090 black powder coated aluminum, these access panels are perfect for those situations where access to the rear of connector panels is required. Captive thumbscrews require no tools and will not get lost.

Solid Part #	Vented Part #	Racking Height
AP-2	APV-2 <i>NEW!</i>	3-1/2" (2 space)
AP-4	APV-4 <i>NEW!</i>	7" (4 space)
