Trim Strips

INDEX

As a final aesthetic complement to any installation, add our finishing trim strips. A quick, clean, and effective method of covering rack screws once the job is complete, each channel-shaped trim strip measures 45 spaces (78 3/4" long), and features internal grooves that fit into the supplied snap washers. Offered in black brushed and anodized, silver brushed and anodized or black powdercoat finish, trim strips are cut easily with a hacksaw. Included decorative caps trim the ends, if required. Sold individually.

[for details click here](#)

Part #	Description	Attachment Method
TA	black brushed and anodized	snap washers (8), end caps (4)
TC	silver brushed and anodized	snap washers (8), end caps (4)
TS	black powder coat	snap washers (8), end caps (4)

* Works with all standard equipment mounting hardware except HW, HG and HM series rack screws.
