FAQ

- ▶ **What is a PTZ camera?**
PTZ stands for Pan, Tilt, Zoom. PTZ cameras swivel left to right, tilt up and down, and zoom in and out of your scene.
- ▶ **What's included in the Bundle?**
Roland V-02HD MKII Streaming Video Mixer, (3) Roland HDMI 25' Cables, AViPAS AV-2020G Camera, AViPAS AV-W20 Wall Mount, AViPAS Remote, and HOSA USB 3' Cable
- ▶ **How do I control the PTZ camera?**
The AViPAS AV-2020G includes an infrared wireless remote control that lets you store and recall camera shots. Zoom out for a wide shot of the band, frame 2-person shot and capture a waist shot of the paster or presenter, all with one camera and a simple press of a button.
- ▶ **What platforms can I live stream to?**
Facebook and YouTube are the most popular. V-02HD MK II also connects to OBS Studio, Restream.io, Zoom, or any platform that uses a USB "webcam" as a source. Use the included USB-C cable to connect your computer to the V-02HD MK II.
- ▶ **Can I connect a computer to show song lyrics, verses, and passages?**
Yes, the two HDMI inputs on the V-02HD MK II accept a variety of sources including computers.
